UZRAI BRA

No 23 Conversion of all Devadaya Lands into Sircar lands by the grant of cash grants to the institutions

The Muzrai Commissioner explained that at present it was difficult to lease out the lands belonging to the Muzrai institutions Sometimes when the gardens were leased out for short periods there would be no bidders and even if anybody came forward at the end of the period of the lease the condition of the land would be very bad Also large amounts of lease had to be written off as they could not be collected He therefore suggested that the question might be examined as to whether it would not be advantageous to these institutions if the lands endowed to them were sold and the proceeds invested in good securities

The Dewan thought that the simplest arrangement would be to dispose of the land once for all and invest the proceeds so that the service in the temples might be carried on with the interest on the funds invested

The Deputy Commissioner Kolar said that in special cases even now the Deputy Commissioners could send up recommendations for the sale of the temple lands As regards the disposal of all the lands, he said that just now the land value had gone down very much and it would not be desirable to sell them at such a time

It was decided that the existing order which permitted the disposal of the lands in proper cases might be used more freely and the lands disposed of to the best advantage of the concerned institutions
